

FACSIMILE PERMISSION TRANSMITTAL SHEET & CONSENT FORM

AHMA-H

Notes / Comments:

The FCC has issued new regulations regarding the ability of sending Facsimile communications under the Telephone Consumer Protection Act of 1991, H.R. 4600 and S.2063 now called the "Junk Fax Prevention Act of 2004". Effective January 1, 2005, you must have an established business relationship with the recipient of your fax message. Otherwise, you must have written consent from the intended recipient prior to sending them a fax and have it on file.

We have found that communication by fax is effective for both your business and ours. In order for us to continue to fax you in this fashion, starting January 1, 2005 we need you to please correct, complete, sign and fax back this consent form to us along with your signature and date. It is very important to include your email address as we may start using email to communicate with you in the future.
